EDUCATION

University of Computer Studies (Meiktila)

Bachelor of Computer Science
(Fifth Year)

- 2018 – Present
- Major: Computer Science
- Expected Graduation: 2027

SOFT SKILLS

- Teamwork and collaboration
- Strong communication skills
- Willingness to learn new technologies
- Problem-solving mindset

TECH SKILLS

- Programming Languages:**
Java, C#, C++, Python, JavaScript, PHP, SQL
- Web Technologies:**
HTML5, CSS, JSP, Servlets
- Architecture & Concepts:**
MVC, OOP, SDLC, Data Structures (Basic)
- Databases:** MySQL

PROFILE

Motivated fifth-year Computer Science student with hands-on experience in software development, web applications, and database systems. Skilled in Java, C#, and MVC-based architectures, with multiple academic and personal projects. Seeking a Developer Internship to apply technical knowledge, gain industry experience, and contribute to real-world software solutions.

PROJECTS

Youth Career Education Center Website

- Responsive informational website developed using HTML5 and CSS with user-focused layout design

Technologies Used: HTML, CSS

Course Management System

- Built a web-based system using J2EE and MVC architecture
- Implemented CRUD operations with MySQL database integration

Technologies Used: JavaEE, MVC, MySQL (CRUD-based web app)

Online Quiz System

- Built a Windows Forms quiz system with dynamic data loading
- Implemented scoring and result review features

Technologies Used: C#, SQL

Interior Home Decoration

- Developed a dynamic web application using HTML, CSS, and JavaScript
- Integrated MySQL database for managing design details and user data

Technologies Used: HTML, CSS, JavaScript, MySQL

Beauty Stock Tracker

- Java-based application for inventory and product management
- Applied OOP principles and MVC pattern with MySQL

Technologies Used: Java, MVC, MySQL, OOP

ACHIEVEMENTS

Secured **Third Place** in the Scenario-Based Design for Real-World Systems competition for developing the “**Interior Home Decoration**” project.
